## HOW TO SIGN UP FOR A MYCHART ACCOUNT

MyChart is a convenient and secure way to communicate with our office, see your test results, see scheduled appointments, attend video visits along with many other features.

West Michigan Endocrine's electronic health record (EHR) is a branch of Corewell Health's electronic health record. Thus, if you already have a MyChart account set up through Corewell Health, you will not need a separate MyChart account. If you have a MyChart account set up through Mercy Health or Metro, you will need to set up a new MyChart account for West Michigan Endocrine using Corewell Health's EHR platform.

To set up this account, please go to:

<https://mychart.spectrumhealth.org/MyChart/signup>

Once you have the account set up, you will have the ability to download a phone app if you would like.

Thank you,

West Michigan Endocrine
